PROFILE

Creative Director with 20+ years in branding, advertising and integrated campaigns across Egypt and Saudi Arabia, who now also builds the technology behind the brand. In the last two years I have designed and shipped five retail products end-to-end with AI-assisted development, including a multi-brand SaaS platform with AI agents now in a live pilot, a delivery SaaS, a digital-signage platform and Odoo-integrated in-store tools. I bridge creative, marketing and product: I can own the brand story, the campaign and the system that delivers it.

CORE STRENGTHS

- **Creative & Brand:** Brand strategy, naming, visual identity, packaging, key visuals, Big-Idea campaigns (ATL / BTL / digital)
- **Marketing:** Social media strategy for KSA & Egypt, content planning, performance-oriented creative, copy in Arabic & English
- **Product:** Product ownership of SaaS and retail tools, requirements, UX, QA, rollout and staff adoption
- **AI:** AI agents and LLM integration (OpenAI, Claude), AI-assisted development (Claude Code, Codex), AI video & image production (Higgsfield), Android (Google Nanodegree)
- **Tools:** Odoo 19, WhatsApp Business & Meta APIs, PWA, PHP, Next.js / NestJS / PostgreSQL / Supabase, Adobe Creative Cloud

EXPERIENCE

Creative & Development Director
Sep 2024 – Present

Ghithak Market (غذائك) · Buraydah, KSA

- Designed the Ghithak brand identity: symbol, Arabic/Latin logotype and the "Value every day" (قيمة كل يوم) wordmark.
- Run the supermarket's digital presence, social media and customer communication, including an AI-assisted customer-reply system with a documented brand voice.
- Designed 10+ branded Snapchat AR lenses (Groceries, Fresh Today, Bakery, Saudi National Day and more) that reached 400K+ lens views, 70K+ plays and 2,300+ shares from an account of ~1.4K followers; also wrote and produced scripted videos for the account.
- Built an Odoo 19-integrated barcode price-checker kiosk (PWA) covering ~25,000 products that keeps working fully offline when the connection drops.
- Built an in-house catalogue & invoices web app the team uses daily to keep product data and supplier paperwork in order.
- Led the company's digital transformation: in-store screens content, hosting, domains and SaaS subscriptions.

Founder & Product Lead
